

Inventory Management System - Product Manual (Demo PDF)

This sample PDF can be uploaded to test the PDF upload feature in your Inventory Management System.

Project Overview

Frontend: React + TypeScript

Backend: Spring Boot

Database: MySQL

Features: Item Management, Supplier Management, Dashboard, PDF Attachment Support.

Field	Value
Item Name	Dell Inspiron 15
Category	Computers & Laptops
Brand	Dell
Product Code	DL-INS-1501
Supplier	ABC Technologies
Availability	In Stock
Document	Product Manual PDF

Purpose

This PDF is intended for testing your file upload feature. After uploading, Spring Boot should save the PDF into uploads/pdfs and store only the generated filename in the pdf_file column of the items table.
